THE POSSIBILITIES ARE INFINITE

fi-4530C

Color Departmental Scanner

Scan more with less.

The Fujitsu fi-4530C Color Departmental Scanner offers an incredible feature set in a compact package. Measuring only 11.9" by 16" by 9", the fi-4530C is the smallest A3 scanner currently available. What's more, it scans at speeds up to 47 ppm (landscape, 200 dpi), features dual CCDs with true, 600-dpi resolution for capturing subtle details, and uses ultrasonic double-feed detection for reliable, automatic scanning. For greater ease-of-use, the fi-4530C includes a 100-page automatic document feeder (ADF) that handles documents ranging from 2.1" by 2.9" to 11.7" by 17", Ultra SCSI and high-speed USB 2.0 interfaces for simplified connectivity, and Adobe® Acrobat® 6.0 software, which converts documents to cross-platform Adobe Portable Document Format (PDF) files. And with automatic size detection (auto-crop) and de-skew, scanned documents can always look their best.

On-site service helps maximize uptime.

The fi-4530C scanner includes a 90-day, on-site, Limited Warranty. A free, nine-month depot service upgrade is also available (some restrictions apply). For full details on the Limited Warranty and on all service programs, go to www.ImagingService.com or call (800) 626-4686.
